RE: Carrier Air Conditioning Superfund Site, Collierville, Tennessee; Documentation of
Discussions on Proposed 1993 Past Costs Agreement

Dear Mr. Randle:

The purpose of this letter is to respond to your telephone inquiry this morning asking for assistance in providing your client with some documentation surrounding the proposed Past Costs Agreement that EPA tried to negotiate with Carrier in 1993. I am happy to attach to this letter, for your convenience, documentation demonstrating that Carrier and EPA did have discussions and exchanged correspondence on a Past Costs Agreement for \$298,000 plus, covering costs through fiscal year 1992. It remains EPA's position that Carrier's knowledge of these costs dates back to at least 1993.

As soon as I hear back from my client, a tolling agreement extension will be forthcoming. Please let me know how I can assist further.

Sincerely,

David K. Clay
Senior Attorney
